Freedom of Information (Scotland) Act 2002

GUIDE TO INFORMATION PUBLISHED BY THE DUNDEE AND ANGUS COLLEGE UNDER THE MODEL PUBLICATION SCHEME 2013

Introduction

The Freedom of Information (Scotland) Act 2002 (FOISA) provides individuals with a right of access to all recorded information held by Dundee and Angus College. Anyone can use this right, and information can only be withheld where FOISA expressly permits it.

FOISA requires Dundee and Angus College to adopt and maintain a **publication scheme**, and to publish information in accordance with that scheme¹. A publication scheme is a document which describes the information the college publishes, Tells the public where to find it, and whether there is a charge for it. When deciding what it will publish, a college must consider the public interest in information about²:

- its services, the cost of providing services, and the standards attained by those services
- the facts or analyses, on the basis of which it has made decisions of importance to the public
- the reasons for the decisions it has made.

The Act also allows the Scottish Information Commissioner to prepare model publication schemes which can be adopted by a group of authorities³. The Commissioner has developed the Model Publication Scheme 2013 ('MPS'), which is suitable for adoption by all public authorities, including Scottish colleges.

Dundee and Angus College has adopted the Scottish Information Commissioner's MPS in its entirety, without amendment. This means that we are committed to publishing all the information we hold, which is described by the classes in the MPS.

Our Guide to Information

This document is the **Guide to Information** which Dundee and Angus College makes available under the classes described in the MPS. It:

- allows the public to see what information is available in relation to each class
- states what charges may be applied
- explains how to find the information easily
- provides contact details for enquiries and to get help with accessing the information
- explains how to request information that has not been published.

Alongside FOISA, the Environmental Information (Scotland) Regulations 2004 (the EIRs) provides a separate right of access to the environmental information that we hold. The MPS also covers environmental information.

² See section 23(3) of FOISA

About the Model Publication Scheme

FOI PUBLICATION SCHEME

-----------------------	-----------------------	-------------------------

The MPS set out eight broad classes of information, and by adopting it, Dundee and Angus College is committing to publishing everything that it holds which falls into the broad description given for each class. The MPS classes are:

- Class 1: About the authority
- Class 2: How we deliver our functions and services
- Class 3: How we take decisions and what we have decided
- Class 4: What we spend and how we spend it
- Class 5: How we manage our human, physical and information resources
- Class 6: How we procure goods and services from external providers
- Class 7: How we are performing
- Class 8: Our commercial publications

The MPS also describes the standards for eg copyright, charging, availability and formats, which an authority is committing to when it adopts the MPS – while this Guide sets out the specific arrangements we have made at Dundee and Angus College.

Exempt information

If a document we publish contains information that is exempt under Scotland's freedom of information laws (for example sensitive personal information or a trade secret), we may remove or black out the information before publication but we will explain why. Note that information will only be withheld, however, where FOISA (or, in the case of environmental information, the EIRs) expressly permits it. If you wish to complain about any information which has been withheld from you, contact the Quality Team, Dundee and Angus College, Arbroath Campus, Keptie Road, Arbroath, Angus, DD11 3EA, Tel 01241 432600 or email quality@dundeeandangus.ac.uk

Publication Timescale

In some of the Classes covered by the MPS, information is not published until it is formally approved, a process which may take some time after its initial creation in draft form. This applies especially to minutes of meetings, which are normally not available until approved by the next meeting in the sequence. The relevant timescales are published in the same locations and in the same form that the information will ultimately be published.
