Click the **Login** icon at the top right of the screen.

Your **username** is your **College username**, for example: 0101938. Your **password** is your **College password** you created..

Clicking on **Current Loans** will take you to the **My Loans** section.

You will see a list of all the items you have borrowed. There are two **renew** options.

The single arrow will **renew selected items** and the double arrow will **renew all items**.

Once you click one of these options, you will receive confirmation:

Overdue Loans

We charge **finer** at £0.05p per day per item up to a maximum of £1.00. We don't charge fines on days we are closed, like weekends or holidays.

If you keep an item four weeks or longer past the date it was due back, we will send you an invoice for replacement costs. If you have the items, please bring them back as soon as possible and you will only have to pay the fines.
